

ELECTRIC WATER PUMP RELAY

#50106 - This relay kit provides maximum battery voltage to maximize cooling efficiency and to protect the main electrical system from damaging amperage overloads.

WEATHERPROOF WATER PUMP RELAY

#30132 - Perfect for the harsh conditions encountered off-road, this relay kit provides complete protection from the elements and ensure reliable and dependable performance. These kits utilize heavy duty waterproof relays, weatherproof circuit breaker covers and extreme condition weatherproof shrinkable crimp-on terminals.

UNIVERSAL FUEL PUMP RELAY KIT

#50102 - A relay will prevent voltage drops at the pump thus maintaining constant fuel pump pressure, and will prevent fuel pump amperage from damaging the electrical system. It's a good idea to relay your fuel pump for the street and a must when you're racing.

WEATHERPROOF FUEL PUMP RELAY KIT

#30131 - Perfect for the harsh conditions encountered off-road, this relay kit provides complete protection from the elements and ensures reliable and dependable performance. These kits utilize heavy duty waterproof relays, weatherproof circuit breaker covers and extreme condition weatherproof shrinkable crimp-on terminals.

HOT SHOT PLUS ENGINE BUMP SWITCH

#30201 - This switch allows you to turn over the engine from the engine compartment for adjusting valves. It also overcomes starting problems due to an overheated starter or worn out electrical system by boosting amperage to the starter solenoid every time the vehicle is started.

REMOTE STARTER SOLENOID

#30203 - Allows you to position the starter solenoid any place you need to in order to make maintenance easier. Comes with wire and connectors to do the job right.

HOT SHOT

#30202 - Designed to overcome starting problems due to an overheated GM style starter or worn out electrical system. Works by boosting amperage to the starter solenoid.
